Payment for older Australians

Age Pension provides income support and access to a range of concessions for older Australians. This includes a Pensioner Concession Card. This card gives you cheaper health care and lowers the cost of some goods and services.

There are rules you need to meet to be able to get Age Pension.

Age rules

If your birthdate is before 1 July 1952, you need to be at least 65 years old.

From 1 July 2017 the age you must be to get Age Pension will go up by 6 months every 2 years, until 1 July 2023.

If your birthdate is:	you'll be old enough at:
1 July 1952 to 31 December 1953	65 years and 6 months
1 January 1954 to 30 June 1955	66 years
1 July 1955 to 31 December 1956	66 years and 6 months
From 1 January 1957	67 years

Residence rules

To be eligible for Age Pension you must meet residence rules.

On the day you claim, you must be:

- an Australian resident, and
- in Australia.

An Australian resident is a person who is living in Australia and is either an Australian citizen or the holder of a permanent visa or protected Special Category visa.

You also need to have been an Australian resident for at least 10 years to qualify for Age Pension. For at least five of these years, there must be no break in your residence.

What may be different?

You may be able to get Age Pension if you have been an Australian resident for less than 10 years. For example, if you are:

- a refugee or former refugee
- a woman whose partner died while you were both Australian residents and you have been an Australian resident for two years immediately before claiming Age Pension

- getting Widow Allowance, Widow B Pension or Partner Allowance when you reach age pension age.

You don't need to be an Australian resident or in Australia on the day you claim if you are transferring to Age Pension from another income support payment.

If you don't meet the residence rules but you've lived or worked in a country that has a social security agreement with Australia, the agreement may help you to claim.

Claiming Age Pension

You can claim Age Pension online through your Centrelink online account.

You can also visit a service centre. You will need to complete a claim form and an income and assets form and may need to give us some extra forms any other documents we've asked for.

Unless we already have proof of who you are, you will need to visit a service centre and show your identity documents.

If you already get a Centrelink payment

We'll write to you 9 weeks before you reach age pension age and tell you what you can do to transfer to Age Pension.

Changes in your circumstances

We need to know about changes that could reduce your payment. You need to tell us within 14 days about any changes.

For example, you must tell us if:

- your address changes
- you and/or your partner increase your income
- you and/or your partner increase the value of your assets or your investments change
- you start or stop living with your partner
- your partner dies
- you go to live outside Australia, or
- you travel overseas for a holiday.

You can tell us your changes through our self service options. Make sure your details are up to date on myGov.

If you don't tell us about these changes, we may pay you too much. If this happens you'll probably have to pay the money back.

If you deliberately don't tell us about changes, we could charge you with fraud.
