Child Care Subsidy

Child Care Subsidy is a government program that provides financial assistance to eligible families. Eligibility for the Child Care Subsidy is based on income, family size, and the age of the child. Parents who work, are in school, or are unemployed and have a dependent child under the age of 6 may be eligible for the Child Care Subsidy.

The Child Care Subsidy may cover a portion of the cost of a child care provider, including daycare, preschool, and other early childhood education services.

The amount of the subsidy is determined by the family’s income and the child care costs. Families with lower incomes may receive a larger subsidy.

Eligible families can apply for the Child Care Subsidy through their local Department of Human Services office.

Child Care Subsidy

Child Care Subsidy helps with the cost of approved child care. If you are eligible, we’ll pay it directly to your child care provider to reduce the fees you pay.

To be eligible you must:

- care for a child 13 years of age or younger who is not in secondary school, unless an exemption applies
- use an approved child care service
- be responsible for paying the child care fees, and
- meet residency and immunisation requirements.

To meet the residency requirements, you or your partner must be living in Australia and either:

- be an Australian citizen or hold a permanent residence visa
- hold a Special Category visa, or
- hold a certain temporary visa type, for example, a Partner Provisional or Temporary Protection visa.

You may also meet the residency requirements if:

- you or your partner are a student from overseas, sponsored by the Australian Government to study in Australia, or
- you are in hardship or special circumstances apply.

You may be exempt from some of these criteria in specific circumstances.

The amount of Child Care Subsidy you’re entitled to will depend on:

- your family’s income
- the hourly rate cap based on the type of approved child care you use and the age of your child, and
- the hours of recognised activities you and your partner do.

**Family income**

We will use your family income estimate to work out the percentage of your hourly fee we will subsidise.
Hourly rate cap
The amount of Child Care Subsidy you are entitled to will depend on the type of approved child care you use and the age of your child. Your Child Care Subsidy percentage will apply to either the hourly fee you are charged by your child care service or the hourly rate cap, whichever is lower.

Activity test
The number of hours of subsided child care you can get is based on the number of hours of recognised activities you do each fortnight.

Recognised activities:
- paid work – including leave, such as maternity leave
- study and training
- unpaid work in family business
- looking for work
- volunteering
- self-employment, and
- other activities on a case-by-case basis.

There will be exemptions for parents who legitimately cannot meet the activity test requirements, as well as to support children’s participation in preschool.

Hours of activity
If you have a partner we will look at both of your activity levels. We will work out how many hours of Child Care Subsidy you can get each fortnight by using the lower of the two activity levels.

Withholding
To help reduce the likelihood of an overpayment, we will withhold 5% of your Child Care Subsidy each fortnight.

At the end of each financial year we'll balance your payments. We will do this by comparing your income estimate to your actual income. This will ensure you have received the correct amount of subsidy.

If you underestimate your income you may have an overpayment which you'll need to pay back. We will use the Child Care Subsidy we withheld to reduce the amount you have to pay back.

If you overestimate your family income and don't receive enough Child Care Subsidy, we'll pay any outstanding amount directly to you. This will include the Child Care Subsidy we withheld.

You are able to vary your withholding amount.
