myGov – link a service without an online account

Use this guide if you don't have an online account with a service.

myGov is a secure way to access government services online.

You can link a range of government services to your myGov account. This means you can do your government business online through myGov.

When you link a service, we will ask you some questions to make sure we link the correct record to your myGov account. These questions will be different for each service you link to. They can include:

- reference numbers
- payment history, or
- bank account details.

Make sure you have this information ready before you begin.

Step 1: sign in to myGov

To sign in, go to my.gov.au

The screenshot shows the myGov sign-in interface. At the top, there is a dark green header with the Australian Government logo and the myGov logo. Below the header, the sign-in form is displayed. It includes a text input field for 'Username or email', a 'Forgot username' link, a password input field with a 'Do not show others your password' checkbox and a 'Show' link, a 'Forgot password' link, a 'Sign in' button, and a 'Create an account' button. Three callout boxes with green borders and white backgrounds point to the 'Username or email' field, the 'Password' field, and the 'Sign in' button. To the right of the form, there is a section titled 'What is myGov?' followed by a list of services.

Step 2: link a new service

Select **I do not have an online account with Centrelink**.

Then select **Next**.

If you are linking a different service, we will show its name instead of Centrelink.

The screenshot shows the myGov 'Link new service' page. The header includes the myGov logo and navigation links for Home, Services, Inbox, and Account settings, along with a Sign out button. The main heading is 'Link new service', followed by the text 'Creating a link to a member service is easy.' Below this are three paragraphs of instructions: one for users with an online account, one for those without, and one for those with a linking code. A prompt asks the user to select the best option that describes their situation, with a 'Help' link. Three radio button options are listed: 'I have an online account with Centrelink', 'I do not have an online account with Centrelink', and 'I have a linking code'. Creating a link to a member service is easy.

If you have an online account you will be asked to provide us with your account ID and password for that account so it can be linked to myGov.

If you don't have an online account you will need to answer a series of questions specific to you. These questions will be different for each service you link but could include: reference numbers, payment history and bank account details. Make sure you have this information ready before you begin.

If you have a linking code you will be asked to provide the code and relevant details in the next step.

- do other business, by selecting **Home**, or
- leave myGov, by selecting **Sign out**.

The screenshot shows the myGov 'Services' page. At the top, there is a navigation bar with 'Home', 'Services', 'Inbox', and 'Account settings'. The 'Home' and 'Sign out' links are highlighted with red boxes. Below the navigation bar, there are two success messages: 'You have successfully linked Centrelink to your myGov account.' and 'Your legal name and date of birth have been added to your myGov account.' Below these messages, there is a section titled 'Your linked services' which contains a table with one entry: 'Centrelink' linked on 12 Jul 2018, with an 'Unlink' button. Below this section is a 'Link a service' section with a list of services: 'Australian JobSearch', 'Australian Taxation Office', 'Child Support', 'Department of Veterans' Affairs', and 'HousingVic Online Services'. Each service has a right-pointing arrow next to it. Red boxes highlight the 'Home' and 'Sign out' links in the navigation bar, the 'Your linked services' section header, and the 'Link a service' section header.
