The Financial Information Service (FIS – Financial Information Service) provides free, independent and confidential education and information.

FIS is available to everyone, including people who are:

- Aboriginal and Torres Strait Islander Australians
- from a culturally and linguistically diverse background (CALD), including migrants and refugees
- · living in a rural or remote area
- · young, including students starting work
- · women returning to the workforce.

You can access the Financial Information Service through our Phone Service and website.

How FIS can help

Increased financial knowledge will help you set and achieve your financial goals.

FIS Officers can help you increase your skills to make informed financial decisions throughout your life.

FIS Officers can explain:

- how financial products work
- how financial products affect government payments
- government payments and how a change in your circumstances may affect your entitlements
- how to find resources to help you with your financial matters
- how a range of government and community services can help you.

FIS Officers are not financial planners or financial counsellors. They do not sell or give advice or deal with other agencies on your behalf. FIS Officers do not make decisions about your government payments.

When FIS can help

FIS can give you useful information when:

- you want to know more about banking, investment or tax
- you are starting a new job
- you need to make a decision about your superannuation
- you want to know more about using credit
- you have had a change in your family circumstances
- you get a lump sum of money because you have been retrenched, or as compensation or an inheritance
- you are starting to think about, or ready to, retire
- you or someone you care for is ready for Aged Care.

Information about retrenchment

FIS Officers can help if you have been, or will be, retrenched.

They can provide information on redundancy payments, superannuation and Centrelink payments.

They can talk to you about your personal situation and help you understand your options.
