## JobMaker Plan – deregulation package

This measure will reduce red tape for early childhood education and care providers and services by streamlining applications for approval.

Currently, child care providers who get Child Care Subsidy (CCS) must be approved under both Commonwealth Family Assistance Law and state government National Law. This requires them to lodge 2 separate applications.

From July 2023, applicants for new child care services will only have to lodge 1 application. This application is separately assessed against the requirements of both the Australian Government and State Regulatory Authority approval processes.

This change is not subject to the passage of legislation.

### **Who does this measure affect?**
