### How to link Medicare to your myGov account using a Medicare card.

Now you have signed into your myGov account, scroll down and select **Link your first service**.

Select **Medicare** in the list of services.

You will be asked to agree to myGov storing your personal information. Select **I agree** to continue.

There are a few options available to link Medicare. This video shows how to link using a Medicare card. Select **I'm listed on a Medicare card**, then select **Next**.

Enter your Medicare card number followed by your individual reference number, which is the number before your name on your Medicare card.

Fill in your personal details, including name, date of birth and address, then select **Next**.

You will be asked questions to make sure we link the correct record to your myGov account. The questions are based on information you have provided Medicare in the past.

Once you have answered all the questions, select **Next**.

You have now successfully linked Medicare to your myGov account.
