

Australian Government Disaster Recovery Payment

The Australian Government Disaster Recovery Payment (AGDRP) is a one-off payment to help you if you are significantly affected by a declared disaster. It is not for minor damage or inconvenience.

How much you can get

If you are eligible you will get:

- \$1,000 per adult
- \$400 for each child younger than 16.

Who can get it

To get AGDRP you must:

- be an Australian resident or hold an eligible visa
- be 16 years or older at the time of the disaster or getting a social security payment
- meet Local Government Area (LGA) eligibility requirements.

You must have been adversely affected by a declared disaster. For example:

- you were seriously injured
- you are the immediate family member of an Australian citizen or resident who died or is missing
- the disaster destroyed your principal place of residence or it must be demolished
- there has been major damage to the interior of your principal place of residence
- the disaster has exposed the interior of your principal place of residence to the elements
- your principal place of residence has been declared structurally unsound
- sewage has contaminated the interior of your residence
- the disaster has destroyed or damaged a major asset or assets you own at your principal place of residence
- you are the principal carer of a dependent child who has experienced any of the above.

Definitions

- Your principal place of residence is the main place where you have a right or license to normally live. It doesn't include holiday homes or investment properties.
- A major asset is an asset or assets with a combined market value of \$20,000 or more. For example, this includes buildings, vehicles, caravans, water tanks or large scale machinery.
- You are a principal carer of a child if the child is your dependent and has not turned 16. The principal carer must have legal responsibility for the day-to-day care, welfare and development of the child.
