Pandemic Leave Disaster Payment

Pandemic Leave Disaster Payment is a lump sum payment to help if you are unable to work and earn income because you or someone you are caring for has to self-isolate or quarantine due to coronavirus (COVID-19).

Who can get it

You must be self-isolating or quarantining for one of the reasons below:

- you have COVID-19. For isolation periods starting before 10 January 2022, a health official told you directly you have COVID-19.
- you have been told by a health official you are a close contact of a person who has COVID-19
- you are told by a health official a child you are caring for (who is 16 years or under) is a close contact of a person who has COVID-19
- you are caring for someone with COVID-19
- you are caring for someone with disability or a severe medical condition who must self-isolate or quarantine because they are a close contact of a person with COVID-19.

You must live in the same household as the person with the disability or severe medical condition.

You must also meet all of the points below:

- you are at least 17 years old
- you are an Australian resident, or hold a visa that gives you the right to work in Australia
- you lived in Australia during your isolation or caring period and at the time of your claim
- you are unable to go to work and earn an income
- you have no suitable leave entitlements including:
 - pandemic sick leave
 - personal leave
 - leave to care for another person
- you do not get
 - ABSTUDY Living Allowance
 - Paid Parental Leave
 - Dad and Partner Pay
 - JobKeeper Payment
 - COVID-19 Disaster Payment
 - or any income support payments.

See servicessupportpayments.gov.au for details.

For isolation periods starting from 18 January 2022, you are a close contact if you either:

- usually live with the person who has tested positive with COVID-19
- have stayed in the same household for more than 4 hours with the person who has tested positive with COVID-19 during their infectious period

From 27 April 2022, you are also a close contact if you meet your state or territory definition of a close contact.

For isolation periods starting from 18 January 2022, you must also meet both points below to be eligible:

- you have lost at least 8 hours or a full day of work
- your liquid assets are less than \$10,000 on the first day of the period you are claiming for.

Liquid assets are any funds readily available to you in cash or savings, or assets that can easily be changed into cash. For example, money loaned to other people.

If you are a member of a couple, you can both claim this payment. You and your partner need to complete separate claims.

How much you can get

The amount you can get depends on the isolation or quarantine period you are claiming for, and how many hours of work you lost. For more details, see servicessaustralia.gov.au/pandemicleaveanddisasterpayment

The Pandemic Leave Disaster Payment is taxable income. This means you need to include it in your income tax return for the relevant financial year.
