Purpose of this form

Services Australia, an Australian Government agency, requires applicants, whose eligibility depends on distances which are very close to the qualifying limits, to produce documentary evidence verifying that the student's principal family home actually meets the distance or time criteria of the scheme in relation to the nearest appropriate state school.

For the purpose of this scheme, an appropriate state school is the one which provides tuition in the grade or year of schooling in which the student is qualified to enrol.

The authority for requesting this information is in Section 343(1) of the *Student Assistance Act 1973*.
