Get started with myGov

myGov is a simple and secure way to access government services online, all in one place.

WHAT YOU CAN DO WITH A MYGOV ACCOUNT

- Link government services to your myGov account, such as Medicare, Centrelink and the Australian Taxation Office. Then you can do things like lodge your tax return, claim payments, report income and manage your super all in one place.
- You can get messages from some linked government services in your myGov Inbox.
- After you sign in to your myGov account, your personalised homepage makes it easy to see your Inbox messages, some payments and your linked services in one place.
- At any time you can browse myGov for information about government payments and services organised by major events in your life, making it easier for you to find the support you need.
