

Child Dental Benefits Schedule

The Child Dental Benefits Schedule (CDBS) covers part or the full cost of some basic dental services for children and teenagers aged 0 to 17.

Eligibility

You will get a letter to confirm if your child is eligible for the CDBS.

Eligibility is assessed at the start of each calendar year and is valid for the whole year.

A child is eligible if:

- they are aged 0–17 years for at least 1 day of the calendar year
- eligible for Medicare, and
- getting an eligible payment from us at least once a year, or have a parent getting a payment from us at least once a year.

Benefits available under the Child Dental Benefits Schedule

You can claim up to \$1095 over 2 consecutive calendar years for each eligible child. The 2-year cap period starts when a child first gets an eligible dental service.

If a child does not use all of their \$1095 in the first year, they can use the remaining amount in the second year if they are still eligible. If you do not use the full amount within the 2 calendar years, you can not use the remaining funds. You will have to wait for a new 2 year cover period to start.

You also will not be able to use any remaining funds once your child is no longer eligible.

Benefits cover a range of services including examinations, X-rays, cleaning, fissure sealing, fillings, root canals and extractions.

Benefits are not available for orthodontic or cosmetic dental work and can not be paid for any services provided in a hospital.

CDBS services won't count towards the Medicare Safety Net or the Extended Medicare Safety Net thresholds.

Process for using the Child Dental Benefits Schedule

You can confirm your child's eligibility and balance amount using your Medicare online account at my.gov.au or calling the Medicare general enquiries line on **132 011**.

Make an appointment with a private or public dental provider and let them know you're eligible for the CDBS. At the time of the appointment, the dentist must discuss your child's treatment and any related costs with you before providing the services. After this you need to sign a consent form.

When the dentist has provided the services, they will bulk bill you or charge you for the services.

Claiming benefits under the Child Dental Benefits Schedule

If your dentist bulk bills, you don't need to submit a claim.

If your dentist doesn't bulk bill, you need to pay the account and claim your benefit from us.

You can submit a claim:

- electronically at the dental surgery, if your dentist offers electronic claiming
- using the Express Plus Medicare mobile app
- using your Medicare online account through myGov
- by downloading the Medicare claim form and posting it to the address on the form
- in person at a service centre.

You can not claim a benefit under the CDBS and from a private health insurer for the same dental service.

Check or update your details for the Child Dental Benefits Schedule

Eligibility is based on details held by Centrelink and the Department of Veterans' Affairs.

If your circumstances change, you need to update your family details:

- through your Centrelink online account at **my.gov.au**
- by calling the Department of Veterans' Affairs on **133 254**.

You can update your bank account details with Medicare using your Medicare online account through myGov.
