Newly arrived refugees – what you need to know and do

We provide payments and services to help you settle into life in Australia. To keep getting your payment, you must do certain things, we call these mutual obligation requirements.

Important information

You need to tell us about any changes in your circumstances as they may affect your payment.

During the first 12 weeks from the date you arrive in Australia, you will be given an exemption from mutual obligation requirements to help you settle into the country.

After 12 weeks we will meet with you and, in most cases, make a Job Plan. This Job Plan will have activities that you must do to keep getting your payment. These activities help you settle into life in Australia. You must go to this appointment, and after that you will need to report to Centrelink regularly. If you don't, your payment may stop.

In most cases, we will not refer you to an employment services provider and you will not need to look for work until you have been in Australia for 12 months.

Some people are referred to a provider after the 12 week exemption. If that happens, you must attend appointments and negotiate a Job Plan with the provider or your payment may stop.

You can ask to be referred to an employment services provider from 6 weeks after you arrive in Australia if you want help to find work sooner.

When you arrive

Your case worker will tell us when you have arrived in Australia. They will let you know about your new claim appointment.

This appointment will be within 3 business days of you arriving in Australia or when you reach your final destination in Australia. This appointment will usually be by phone. You must go to this appointment.

At this appointment, our staff will help you claim the right payment for your situation.

If you do not have anyone to help you, call **131 202** to speak to us in your language. We will book the appointment for you.

We will make some other appointments for you. It is important that you go to all your appointments, or your payment may stop.

We will invite you to a seminar to learn about our payments and services. We encourage you to go to the seminar because you will learn important information about your payment. You can decide if you want to go.

Tell us about any changes

While you are getting a payment from us, you need to tell us if your circumstances change as it may affect your payment. You must do this within 14 days of any change. Let us know if you:

- change your personal or contact details
- change your address
- separate from your partner or have a new partner

- start or stop looking after a child, including having a baby
- do any paid work
- are sick, injured or have a disability.

We will send you a letter if we need information from you. We will send the letter to your address or your myGov account. You will have 14 days to give us the information or your payment may stop. If you need help understanding the letter, you can call us on **131 202**.

- can refer you to an employment services provider, if you want help to get work before 12 months
- refer you to compulsory employment services (if appropriate).

You must go to this appointment, or your payment may stop.

Job Plan

If you are not referred to compulsory employment services, we will make a Job Plan with you that is valid for 12 months from the date you arrived in Australia. It is an agreement that says what activities you will need to do to help you settle into your life in Australia.

We will talk to you about the activities you can choose. You must agree to do at least one activity.

Your activities can be:

- participating in the Humanitarian Settlement Program
- learning English through the Adult Migrant English Program

We will tell you how often you need to report. You can report by calling us on **131 202**, going to a service centre or using your Centrelink account linked to myGov.

Employment Services Assessment

If you are sick, injured, or have a disability that affects what work you can do or how many hours you can work we may arrange an Employment Services Assessment.

This assessment helps us understand how many hours you can work and what type of employment help is best for you.
