Confidentiality Provision

All cells that have a value of less than 20, including zero, have been changed to display "<20". This rule has been employed for privacy reasons. Where the total fields are included these will only have a value when it does not make it possible to work out the value of any "<20" fields. Not Available (N/A) will be inserted in cells when it may be possible to estimate customer numbers. This will prevent information from being broken down or manipulated to the degree that individuals may be identified, and to cover the legal requirement to protect and individuals privacy.

Boundaries info

Customers who live overseas and those without a valid address cannot be assigned to a boundary (LGA, CEB etc.). These numbers are represented as 'Unknown'.

Age Pension

Income support payment for customers that have reached Age Pension age. The customer's Age Pension age depends on their date of birth:

- If born before 1/7/52, Age Pension age is 65
- If born before 31/12/48, Age Pension age is 64.5
- If born between 1/1/49 and 30/6/52, Age Pension age is 65
- For men and women:
 - If born between 1/7/52 and 31/12/53, Age Pension age is 65.5
 - If born between 1/1/54 and 30/06/55, Age Pension age is 66
 - If born between 1/7/55 and 31/12/56, Age Pension age is 66.5
 - If born from 1/1/57 or later, Age Pension age is 67.

Centrelink pays the vast majority of Age Pensions. Age pensioners who also receive a Disability Pension from the Department of Veterans' Affairs (DVA) have the choice of having their Age Pension paid by either DVA or Centrelink.

Disability Support Pension

The purpose of Disability Support Pension is to provide income support for people who have a permanent physical, intellectual or psychiatric impairment. DSP is designed to give people an adequate means of support if they are unable to work for at least 15 hours per week at or above the relevant minimum wage, independent of a program of support.

Wife Pension - Age and Disability (WFA, WFD)

An income support payment for the female partner of an age pensioner. There have been no new grants of Wife Pension since 1 July 1995. Current WFA recipients remain eligible to receive this payment until otherwise disqualified from receiving it, or until they reach age pension age. To qualify to receive Wife Pension you must be the wife of either an Age Pension or Disability Support Pension recipient.

Widow B pension (WID B)

An income support payment to ensure customers have an adequate level of income if they are an older widow who does not qualify for parenting payment, have limited needs, and have lost the financial support of their partner. There have been no new grants of Widow B Pension since 20 March 1997. Current Wid B recipients remain eligible to receive this payment until otherwise disqualified from receiving it, or until they reach age pension age. The majority of Widow B Pension recipients (around 95 per cent) live overseas and could not be assigned to an electorate.

Special Benefit (SpB)

An income support payment for customers who are in severe financial need due to circumstances beyond their control and who are ineligible for any other income support payment. Includes only those customers whose benefit status is 'Current', and whose zero rate of pay indicator equals 'Nil'.

Carer Allowance

A supplementary payment for carers who provide daily care and attention at home for a person with a disability, severe medical condition or who is frail and aged. Carer Allowance may be paid in addition to income support payments. Unless otherwise specified CA excludes HCC Only recipients and/or child care receivers.

If a customer does not qualify for Carer Allowance (Child) based on the level of care required, the child they are caring for may still qualify for a Health Care Card if at least 14 hours a week of additional care and attention is provided.

Family Tax Benefits part A and B (FTBA, FTBB)

Family Tax Benefit: 73% of all families with at least one dependent child aged under 16 are eligible to receive FTB. Therefore, it should be viewed differently to other income support payments which by their targeted nature can help to identify segments of the population considered to be disadvantaged. FTB is too broadly targeted to serve that purpose.

FTB Maximum Rate: Where a tabulation shows FTB customers on the maximum rate, these generally have family incomes of less than \$46,355 (for 2011/12) or \$47,815 (for 2012/13). However, there is a large group of customers whose family incomes are less than \$46,355 (for 2011/12) or \$47,815 (for 2012/13) but who do not receive the maximum rate of FTB due to their receipt of child support income and the operation of the maintenance income test. FTB and Income Support Payments: Approximately one-third of FTB customers also receive an Income Support Payment and may be shown in both categories.

Payment by Instalment versus Lump Sum: Information shown here in regard to FTB Part A & Part B refers only to fortnightly instalment customers. It excludes an additional 8% (approximately) who are paid through a lump sum which is claimable at the end of a financial year.

Point-in-time data: This information represents the current population at a point in time and does not represent the total eligible population for the financial year.

FTB Part A and Part B: Where the tabulation shows FTB Part A and Part B separately, approximately three-quarters of customers will appear in both categories as they are in receipt of both payments.

Basic FTB Part A: Basic FTB Part A does not include Large Family Supplement, Multiple Birth Allowance or Rent Assistance.

Double Orphan Pension

The objective of Double Orphan Pension is to make non-means-tested payments to guardians or approved care organisations to assist in meeting the costs of dependent children, in cases where both parents have died or one parent has died and the other parent is unable or unavailable to care for the child.

Health Care Card numbers include those with a low income card entitlement. Do not add HCC to LIC.
